

Lhai Ventures LP

AMPHIBIAN TRAINING

Amphibian training is a one-day fully online training program being hosted by Lhai Ventures. Lhai Ventures is a partnership between the Nations of Stellat'en, Nadleh Whut'en, Saik'uz, and Lheidli T'enneh. Amphibian salvage training is a prerequisite course of working on projects in the environmental service sector, including the CGL project. The training will provide necessary skills to identify, handle, and relocate amphibians. It will also provide information on preventing disease transfer, regulations, and fieldwork planning.

What you will need –

1. Access to a Computer
2. Access to the Internet

You will receive a certificate on completion of the training

Date: Tuesday November 30, 2021

Time: 9:00AM – 5:00PM(PST)

Instructor: Rachel Dally, Environmental Technician, EDI Environmental Dynamics Inc.

Rachel is a Biological Natural Sciences graduate with two years of experience as an environmental technician. Rachel worked on a variety of water quality monitoring projects for the mining industry within the Elk Valley. She has experience as a construction site environmental monitor and hydrology technician. Rachel has also undertaken herpetile salvage, and pre-construction wildlife and migratory bird nest sweeps. Rachel has training in fish habitat assessment and bioengineering streambank restoration.

Registration Deadline is November 12th, 2021 – Limited seats available
