REQUEST FOR INFORMATION (RFI)

RFI #: CPAM-22-001	SUBMITTED TO: Zawad Abedin, Manager, Capital Projects & Asset Management, LHEIDLI T'ENNEH FIRST NATION zabedin@lheidli.ca
DATE: Aug 25/2022	SUBMITTED BY:
NEEDED BY: Sep 02/2022	
PROJECT: Development of Solid Waste Management Plan	

RFI DESCRIPTION

The Lheidli T'enneh First Nation (LTFN) of Prince George, BC is seeking to put together a Solid Waste Management plan for our IR # 2 reserve. (See attached map)
Our reserve is split in two by the Fraser River. We have reserve communities on either side (north side and south side) consisting of:

- North side: 27 houses – 63 residents
 - 3 business trailers
 - 1 newly constructed Health Ctr.
- South side: 14 houses – 42 residents
 - 1 Administration Office
 - Gas Station/ Food Trailer
 - 1 Office Bldg – Dbl Wide Trailer

LTFN is seeking information about scope, timeline and cost estimate related information to develop a solid waste management plan (e.g., waste reduction, collection, sorting, processing, and end-markets for reuse and recycling), including but not limited to consultants, researchers, academia, community groups, non-profit organizations, and international organizations.

LTFN has secured funding to develop this plan and followed by the plan, LTFN's long term goal is to develop necessary infrastructure to support this plan.
